

PREZ SEZ by Walter Druker APRIL 2011

Pat Wilkinson will not be producing the Cameraderie, for a while, for health related reasons. We have all appreciated her dedication to the club and wish her a speedy recovery. The Cameraderie will now be available online at our website, www.lhcameraclub.com in a different format, utilizing links to the usual articles.

Reminder to p/u the new 2011 membership directory. They are in the digilab, please sign in, we need to show some more traffic in CH4.

NEEDED: 1 or 2 people to assist Carol Peterson with our 2 club dinners. We know there are plenty of party animals out there. Step up have some fun. Contact Carol at capeterson@mac.com

We are awaiting PCM Approval to have a new doorway cut in the outside west wall (facing the parking lot, that will allow entry into the flash studio. Right now the only entry is through the classroom and that is not possible if Saddleback is holding classes.

Late breaking news, we are told we should have furniture delivered for the Fred Granger Learning center by the third week in April. We can then start installing PC's and get things working.
